Online Meetings Made Easy[®]

Key benefits

- Increase productivity with instant collaboration.
- Significantly reduce travel and operational costs.
- Boost sales by enhancing interactions with customers and prospects.
- Expand your access to partners and subject matter experts.
- Receive a faster and greater return on investment.
- Build relationships with HD group video conferencing.

Citrix[®] GoToMeeting[®] is the easiest, fastest and most secure solution for conducting and attending small-group online meetings with up to 15 attendees. Its innovative, All You Can Meet[®] flat-fee subscription model enables individuals and businesses to use online meetings more often, resulting in increased productivity and a quicker ROI. With GoToMeeting, it's easy to meet naturally online with integrated audio, HD video conferencing and screen sharing.

Meet, sell and collaborate more effectively

Patented technology enables you to show any application running on your desktop and share your webcam in real time. Setup takes seconds and no training or maintenance is required, resulting in the simplest online meeting solution available.

- **Sales Demos:** Have face-to-face interactions with remote customers and prospects while you conduct live online demos.
- **Follow-up Meetings:** Answer questions, tie up loose ends and close deals without having to make an extra trip.
- **Collaboration:** Stay connected with remote team members by including video in daily project meetings.

Make secure online connections

GoToMeeting is the most secure online meeting product available. Industry-standard SSL and U.S. government-standard 128-bit AES encryption ensure that your login information and meeting sessions are always secure. An optional password for meeting entry further enhances meeting security. You can rest assured that sensitive information will not be viewable to anyone except meeting participants.

Features

- **Intuitive User Interface:** Easy-to-understand controls enable you to start and join meetings in seconds without training.
- **Share Keyboard and Mouse Control:** Securely collaborate on documents in real time.
- **Instantly Change Presenters:** Enable any participant to present to the entire group.

Attend from your mobile
