# Meet with momentum.

Nobody knows this better than GoToMeeting. Millions of users around the world trust GoToMeeting for reliable, professional online meetings and on-the-go collaboration. Nothing can match the momentum of your team or business when it's fueled by an award-winning collaboration solution that works instantly, anytime, on any device.

GoToMeeting is built for more professional collaboration.
Reliable meetings and sales demos
Make a great first impression every single time. All a prospect or customer needs to join your meeting is a web browser, no downloads necessary. You can host a large video conference with a new client or a quick conference call with a vendor from anywhere.

Join or host a meeting easily from a huddle or conference room.
Right out of the box, GoToConference has the hardware and software you need for hassle-free video conferencing. It's a great fit for meeting rooms and huddle spaces of up to 10 people.

InRoom Link integration technology lets your business unlock the value of your H.323 hardware and run large meetings with ease.

Meet from your mobile device.
Download the free app for iPhone, iPad, Android or Windows to join or host a meeting on the go. With our iOS or Android app, you can also share your entire screen with everyone in your meeting.

No downloads necessary.
Anyone can join your meeting from a web browser. You can even screen share or video chat from Chrome and Firefox too!

Features
- **Screen sharing:** Show your entire screen, multiple monitors or specific applications.

- **HD video conferencing:** Personalize your meetings with face-to-face video conferencing for up to 25 participants.

- **Integrated audio and toll-free numbers:** Built-in VoIP as well as toll and toll-free audio options.

- **Mobile support:** Start or join a meeting with intuitive mobile apps for iOS, Android and Windows. Share your whole screen from your iPad, iPhone or Android device.

Reduce travel and costs

Accelerate your sales cycle

Build stronger relationships

- **Smart Meeting Assistant:** Leverage transcription for simple note-taking. Record the meeting audio, video, and screen share, then share it with a simple link.

- **Business messenger:** Instant message with colleagues and outside contacts.

- **Personal meeting room:** Choose a custom URL for all your meetings.

- **Keyboard and mouse control:** Securely collaborate on documents in real time.

- **Meeting Lock:** Prevent unwanted attendees from joining your meeting room.

- **Pass Presenter:** Enable any participant to present to the entire group, or allow for open collaborative meetings.

- **Integrations:** Access GoToMeeting easily from your favorite apps, including Microsoft Outlook, Google Calendar, Salesforce and Slack.

- **Reporting:** Get detailed reports for trend analysis and ROI validation.
