

Mobile collaboration made easy.

Get the GoToMeeting app for iPhone and iPad.

Go mobile and stay productive by launching and attending GoToMeeting sessions on your iOS device. You can quickly share your entire screen on both iPhone and iPad, so you can host mobile demos, show a mobile app experience and more right within your meetings.

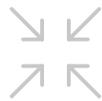

Whether it's a business-critical meeting or a casual discussion, we know every conversation is important. The GoToMeeting app makes mobile meetings easier than ever, so start cutting ties with your desk and start taking your meetings on the open road. With millions of downloads and a user rating over 4.5 stars, GoToMeeting is the premier mobile meeting app on the market today.

Features

- **Mobile meetings:** Launch or join a meeting with just a few taps.
- **Full-band VoIP audio:** Talk with your team over your WiFi or network data connection.
- **Dial-in audio:** Easily call into the meeting from your iPhone.
- **Screen sharing:** Show your whole device screen, including apps, settings and home screen.
- **Screen viewing:** See whatever someone shares on their own desktop or mobile device.
- **Video conferencing:** Collaborate through HD video conferencing with up to six shared webcams.
- **Meeting chat:** Send chat messages to individuals or to everyone in the meeting.
- **Device switching:** Transfer your mobile meeting seamlessly to your Mac or vice versa.
- **Calendar sync:** See all of your upcoming meetings and join with a single tap.
- **Notifications:** Get alerts when a meeting is about to start so you're never late.
- **Presenter switching:** Enable any participant to present to the entire group.
- **Call Me:** Join the meeting audio by answering a phone call (OpenVoice Integrated customers only).
- **Content sharing:** Present content from your mobile browser, email or cloud-sharing apps (iPad only).
- **Drawing tools:** Brainstorm with the on-screen highlighter and whiteboard (iPad only).

Full device screen sharing

Enhanced mobile collaboration

Easy, intuitive layout

Take work on the go, wherever you go

Your iPhone or iPad is the perfect venue for meetings when you're away from your desk. The GoToMeeting app gives you the accessibility and reliability you need to work on the road and across the globe. Share slide presentations, project designs or an entire mobile app from the palm of your hand.

FAQs

1. How much does the app cost?

Nothing. The GoToMeeting app is offered free of charge. Attendees can join a GoToMeeting session at no cost. However, if you plan on hosting your own meetings, you will need a GoToMeeting account.

2. Can I host a meeting on my iPad or iPhone?

Of course! You can start a scheduled meeting or launch an ad hoc meeting and invite guests. Once the meeting has begun, you can easily start screen sharing or change presenters if someone else has something to show.

3. Can I host a meeting on iOS from any GoToMeeting account?

Yes! You can host meetings on the go just as you would from the office with any paid GoToMeeting plan. If you're in a trial, you'll have full access as well. If you're using GoToMeeting Free, you can still start a mobile meeting, but you're limited to three participants for up to 40 minutes.

4. How do I get meeting audio on my iPad or iPhone without calling in?

GoToMeeting has a built-in VoIP option that lets you join the meeting audio over a WiFi connection or through your carrier's data plan. If you are an OpenVoice Integrated customer, you can also have the meeting dial you instead!

5. I don't have a GoToMeeting account. How do I set up my own meetings?

Sign up at www.gotomeeting.com to try it free.
